Therefore, ceramic tiles are not warranted against scratches, specially concerning glossy surface products. We recommend special care during tile laying and use. In residential areas, we recommend to protect the base of furniture and appliances.

Por esa razón los revestimientos cerámicos no otorgan garantía contra rayaduras, en especial los productos con superficie brillante. Recomendamos cuidados especiales durante la colocación y también en el uso diario. En ambientes residenciales proteger con fieltros o alfombras los pies de los muebles y maquinarias.
